MEMORANDUM FOR: National Intelligence Officer for Warning  
FROM: Director of Central Intelligence  
SUBJECT: DIA Indications and Warning Seminar

1. I found your statement to the DIA Seminar and Policy Council meeting on Indications and Warning particularly interesting. Is there any transcript or summary of the other presentations? I would particularly like to see what Vessey, Beal and some of the other participants had to say.

2. I would also like to see something of a primer relating the specific sources of data, types of intelligence, satellite classes, etc., in terms of their significance and what they contribute to the warning process. Think about how this might be done and come in and talk to me about it sometime soon.
